# CURRENT EVENTS

**1** The 18th Winter Olympic Games are staged in Nagano, Japan. Curling, snowboarding and women's ice hockey debut as medal sports. **2** The August 31 death of Princess Diana in a violent car crash stuns and saddens the world. At her funeral, Diana's two young sons follow her coffin into Westminster Abbey. **3** Canadian singer-songwriter Sarah McLachlan masterminds *Lilith Fair*, an all-female rock show that draws huge crowds on its 37-stop summer tour. **4** Problems plague Russia's aging *Mir* space station, including a collision in June with an unmanned supply vehicle. **5** The NBC hit "Seinfeld" ends its nine-year run in May 1998. **6** Bill Gates of Microsoft "rescues" once-mighty Apple Computer with a \$150 million bail-out, heralding a new era of cooperation between the formerly fierce competitors. **7** Will Smith and Tommy Lee Jones star in the summer blockbuster *Men in Black*. The sci-fi thriller grosses more than \$500 million worldwide to become 1997's biggest hit. **8** Iraqi president Saddam Hussein provokes a crisis by refusing to allow U.N. inspections of suspected chemical and biological weapons caches. **9** Jimmy Stewart dies in July at 89. The actor's nice-guy popularity is exemplified by *It's a Wonderful Life*, his 1946 classic that has become an American cultural icon. **10** The Denver Broncos win Super Bowl XXXII, beating the heavily favored Green Bay Packers 31-24. The win is Bronco quarterback John Elway's first victory in four tries.

P.S. Congratulations and Good Luck to the Class of 1998!!!

*You Know You  
Go to RHSM  
when...*

*...You leave your backpack in the hall  
and you return to discover that your  
wallet is intact but your calculator is  
gone.*

*...Unlike a candy bar,  
the item you sell for  
the annual fundraiser  
can bite back.*

*...There are more people in NHS  
than in the Freshmen class.*

*...The entire school band is a  
computer.*

*...The debate team goes to California  
every year but it takes six seasons  
for the Cross-Country team to get  
new uniforms.*

*...you call your teachers  
Frank and Joe, but you call  
your friends Dalglish and  
Miller.*

*...There are more  
students in the hall  
than in class.*

The 1998 Hallmark staff is pleased to dedicate this yearbook to an outstanding teacher and friend who has demonstrated an extreme amount of support and compassion toward all with whom he works. Paul Christensen, affectionately known as "Mr. C.," is honest, kind, enthusiastic and is loved by everyone.

In the fall of 1984 Mr. C., fresh out of college and a newly wed, began teaching mathematics at Rowland Hall-St. Mark's. Over the years he has touched the lives of not only his students and co-workers, but also everyone he has encountered. He loves teaching and working with the faculty of Rowland Hall and is an avid supporter of the Interim program. He enjoys being a ninth grade sponsor and being involved in the annual ninth grade Angel Canyon retreat.

In addition to his contributions to the school, Mr. C. takes great pride in his wife and three children. His caring attitude and regard for his family is reflected in his compassion toward his students.

Mr. C.'s unassuming tenderness and devotion to the school and his family has made him a great role model and one who is loved by all. We love you, Mr. C!!!

# Are you a gossip?

1. Mike ate Cheerios for breakfast. By the end of the day you know...

a) Know what, you don't know anything and you don't care.

b) That Mike ate Cheerios for breakfast.

c) That he didn't actually eat Cheerios but ohmigod can you believe it, Mike was streaking across Lincoln Street at dawn.

2. You find out that Ashley and Alex hooked up last Saturday. You know this because...

a) Alex and Ashley... Ashley who?

b) Ashley (your best friend) told you.

c) You were walking down the hallway and you overheard Anne telling Gina that Jake told Sarah that Amy saw Ashley and Alex talking at Keva Juice.

3. You go to the bathroom and you notice Melissa stuffing tissue in her shirt at the end of first period. By the end of second period...

a) No one else knows but you and tissue girl.

b) Your small group of close friends has had a good laugh.

c) The whole school is asking her if she's got a spare tissue.

4. Gabe is new at Rowland Hall. You...

a) See him and ignore him.

b) Give him a tour of the school and introduce him to your friends.

c) Tell him, in complete detail, every fact and tidbit (true or not) of everyone that walks down the hall including the low down on who's going out with whom, and whom to avoid in the future.

5. After school on Friday, you take a shortcut through the Larimer Center. You overhear Luke telling Jeff that at baseball practice Rex got hit with a ball in the...well, a runaway pitch just hit him. Later everyone knows that...

a) Uh...It's baseball season already?

b) Rex got hit by a runaway pitch.

c) Rex got hit with a fast ball and Life-Flight had to come take him away and you think it's too bad that he won't be able to have children anymore.

\*\*\*\*\*

*If you chose mostly a's:*

You have no clue what's going on at school or with your friends. You don't even know anyone's name. Maybe you should try listening to people or at least getting involved more.

*If you choose mostly b's:*

You have a good balance of knowing what's going on. You tell your friends some things and you tell them the truth. If someone spreads something around the school it most likely wasn't you.

*If you chose mostly c's:*

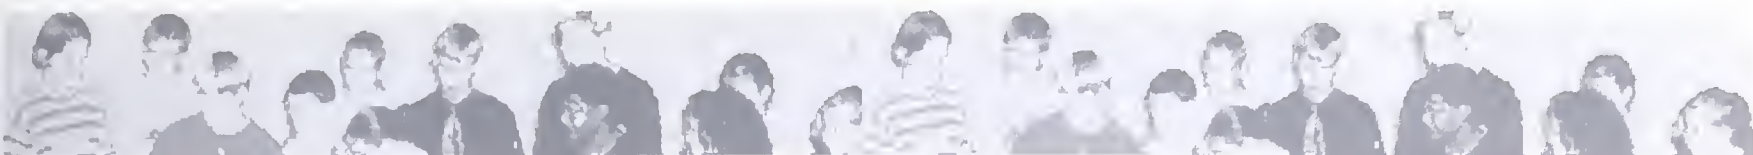

Get a life...your own! You can't help overhearing what everyone says and you think it's fun to tell everyone what happened and you especially think it's great to exaggerate it. But watch out, it may backfire on you.

We think that the faculty of RHSM is great. They are always willing to help and be supportive when we are stressed out. Many of them are even good friends; we spend out free time hanging out in the halls, or in their offices talking about important problems effecting our society today. Problems such as pollution, the Tommy Hilfiger take over, and of course the complaints about how much time we have to spend doing school related work. When we could be spending our time sunbathing or shopping with our parents credit cards. The faculty also supports us in other functions: our new club ideas, sports, college applications, and even our fight for parking. We would like to acknowledge our appreciation of your fine work and love for us all. We love you and thank you sincerely!!!

## Sophomore Retreat: An Unforgettable Adventure!

The trip to Camp Tuttle was an exciting adventure for all involved. The damp and misty weather deterred no one - for all sophomores thoroughly enjoyed their stays in the small, unclean, bug-infested, and down right dirty "cabins." Ed Macner took many students on an exciting walk with nature, while others enjoyed a rousing game of Outburst played inside the large multi-purpose room. As the day came to a close, the sophomores were taken to a camp fire for some bonding and smores. The next day they were awoken early for some Camp Tuttle grub, then split into groups for the long awaited, supposedly challenging, main event: The Rope Course. They concluded their journey of truth by engaging in community service for the benefit of the surrounding environment. The long day was finished off with a long haul up the dirt road to the awaiting buses, which were going to take them back to civilization. Even though it was never spoken, they each knew they would never be the same.

Adopt-a-Block, RHSM's largest, annual community-service event, was a successful commitment by the students to better themselves as well as the community in which they thrive. The event took place on September 27, 1997, from 9 AM to 1 PM with over 60 students showing up to help out. Thanks to Culp Contruction for the truck and Home & School Association for lunch, students had fun while demonstrating their ability to help others and to work together.

# ArtStart 1998 Continues The Tradition of RHSM/ Community Craftsmanship

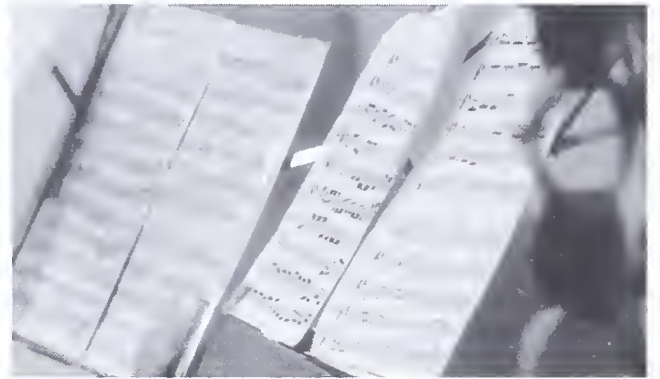

## Candle and Carol Celebrates Holiday

The Rowland Hall-St. Mark's pre-Christmas tradition of Candle and Carol included readings by students, songs by the choir (sounding especially good this year, thanks to the inspired direction of Maria Engren), and solos by student musicians. The Middle School Bell Choir also proved to be a nice addition to the holiday spirit.

St. Mark's Cathedral is always a place of special sanctity, but during the holiday season it seems to come alive with the spirit of RHSM tradition and history. At times we might experience a questioning of this old school tradition. But for those who attend Candle and Carol, its magical and uplifting atmosphere have consistently left attendees with a renewed sense of inner peace, tranquility, and holiday spirit.

# Dance Company

The 1997-1998 Rowland Hall-St. Mark's Dance Company was yet another great success. Under Dance Co. instructor Ms. Joan Kingston, the dancers performed in The Dance Company Concert, Brighton High Dance Concert, US/MS Dance Concert, they performed in Disneyland for the first time ever, and there were two Distinction Concerts. James Pierce, Kyle Walton, Niki Harms, and Betsy Tohinaka all graduated with a Distinction in Dance.

This was also the first year that the Company had student officers. Brooke Warburton: President, Niki Harms: Vice President, and Kyle Walton: Secretary. Guest choreographers included Gigi Arrington, Todd Allen, and Damon Rago. Many students choreographed for the concerts as well.

This year's Company consisted of four freshman: Darci, Liza, Elissa, and Alex B., four sophomores: Katie, Tara, Mary, and Natalie, three juniors: Christina, Jillian, and Alex R., and eight seniors: Brooke, Kyle, Alexis, Niki, Betsy, James, Gina, and Emily (whom we will miss dearly!).

Thank you to everyone who contributed to and supported the Dance Company this year. We could not have done it without you.

# Amnesty International Increases Awareness at RHSM; Marks Fiftieth Anniversary of Declaration of Human Rights

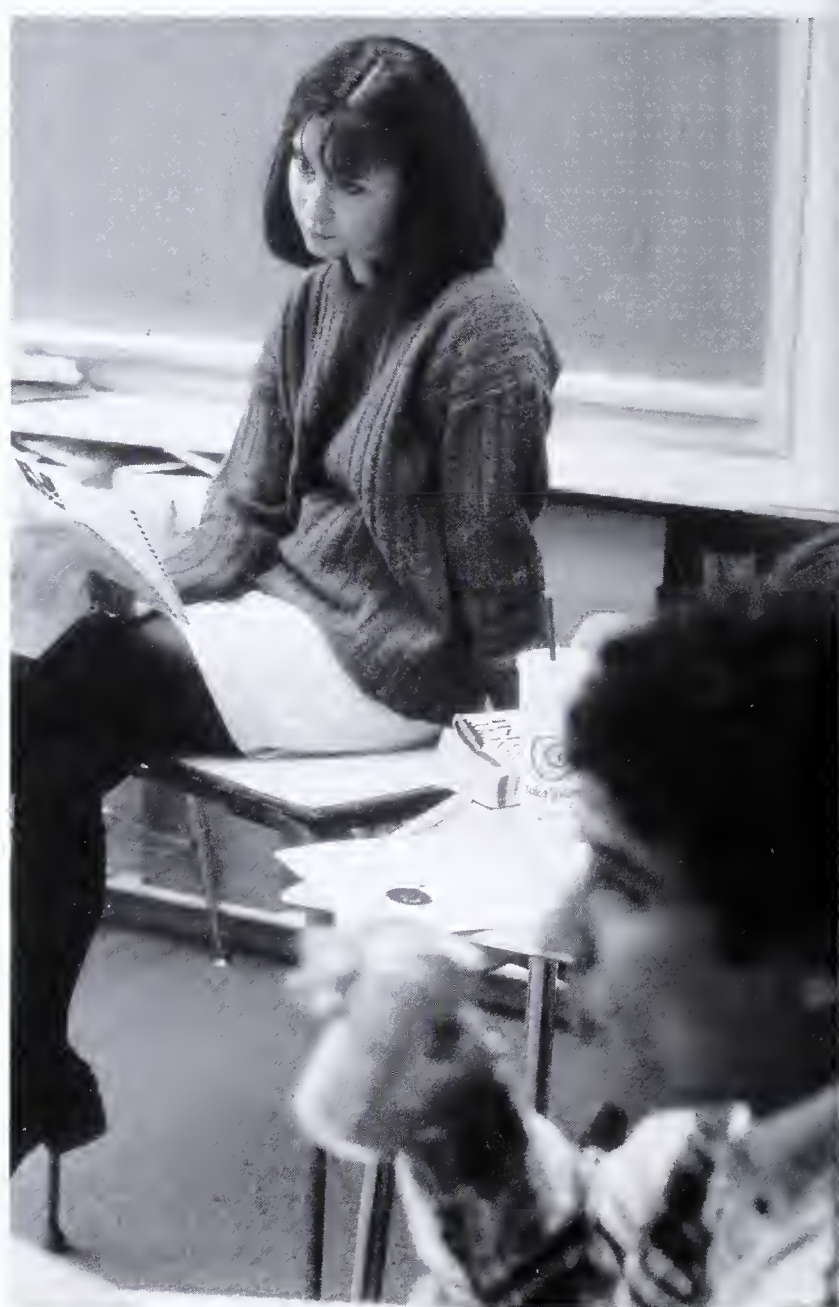

The most successful yet, this year's enthusiastic Amnesty International chapter signed petitions, sent post-cards/letters, held fundraisers, set-up info/food booths at school games, and held a successful raffle to increase the awareness of human rights.

Closely related to Amnesty, the Human Rights Council was the driving force behind the successful Human Rights Week, in which students heightened their awareness through informative workshops.

# Women's Tennis Is Terrific; Team Takes 2nd at Tournament

Sierra and Michelle wait for their next match at the state tournament.

This year the girls' tennis team worked really hard to defend last year's first place title, but were unable to beat Grantsville. They did extremely well during the season, pulling an undefeated record. The Salt Lake Tribune ranked them number one going into the region tournament, due to an early win over their rival the Grantsville Cowboys. The team took second place in the Region XII tournament with Anna Palmer, Katie Bernhisel, and Tara Tribe taking first place.

The State Tournament (held at BYU, in Provo, Utah) was, unfortunately, a disappointment as the girls had hoped to defend their title. They did take second place with Seniors Sierra Burton and Michelle Brooks taking the state title.

The team was very young this year, having only 9 players and only two seniors. It was comprised of freshman Tiffany Eager, Sophomores Tara Tribe and Anne Henricks, Juniors Anna Palmer, Katie Bernhisel, Jessie Wolfe, and Ashley Smith, and Seniors Sierra Burton and Michelle Brooks.

Michelle Brooks (team captain) said, "I'm disappointed to be leaving this year. I enjoyed being with my team. They are all amazing players and I know they will take State next year."

Congratulations on a great season!

In spite of many injuries suffered by players, the team still qualified for the playoffs and made a great showing against Ben Lomond. This season's soccer team includes: Taylor Christensen, Erin Hofmann, Jaeger Agraz, Marie Boyd, Julia Babilis, Christina Babilis, Anneke Shuster, Madeline Lancaster, Heather Matheson, Jilina Scott, Kristen Caswell, Jessica Lyle, Lauren Whatley, Libby Thomas, Mary Kimball, Danielle May, Kaebah Orme, Christina Nielson, Liza Springmeyer, Sadie Hoagland, Alexis Poce, Amanda Miller, Andrea Williams, Alexandra Lee, Erin Holmes, Lindey Sharp, Gina Martinez, Rekha Shetty, Amy Crandall, Andrea Graves, Whitney Brinton, Julie Ernst, Caitlin Lowry, Nicolette O'Leary, Katie Shigeoka, Anna Evershed, Heather Edwards, Laura Francis, Molly Doilney, and Whitney Olch. # Cross Country Team Excels in '97

A Season Review, by Janette LeHoux

The season began with a promising start. The first meet was held at American Fork High School, with races open to schools from 1-A to 5-A. Despite the huge teams they had to compete with, not to mention the "Wrath of the Gauntlet," the RHSM cross country team had a good showing. The next meet was held at Murray Park, on Murray High School's home course. Like the American Fork meet, the Murray Invitational was open to all schools; some teams came from distant metropoli in Idaho and Wyoming. It was a huge meet; nonetheless, both the men's and women's teams did very well, with James Allred winning the JV race. The next meet, The Wasatch Rendevous, hosted by Brighton, was held at the infamous Cottonwood Complex, in which runners had the joy of running up and down hills in circles around the park. Both teams finished strong in their races, despite some last-minute shuffling of race times on the part of the officials.

At the region 12 tournament at Stansbury Park (which is, as I have learned, indeed located in Tooele, with that sweet aroma coming off the lake), the women's team—Deepa Ramachandran, Alison Jordan, Janette LeHoux, Brittany Smith, and Rachel Nussbaum—placed fourth. Although the team missed qualifying for state by the narrowest of margins, Brittany Smith qualified independently by placing seventh overall. The men's team—James Allred, Andrew Ralph, Keith Elliott, Dustin Cartwright, Nick Burst, and Robin Pardey—placed third overall, which gave them a place in the 2-A state championship race. In addition to this, James Allred won the region 12 race. At the state championship race in Sugarhouse Park, the men's team placed eighth overall. James Allred became the 2-A state champion with a time of 16:05. Brittany Smith placed fifteenth, which is especially impressive considering the fact that she is only a freshman, with another three years to go. Although this year's team had an unusually disproportionate number of seniors, it is almost certain that this year's juniors, sophomores, and freshmen will provide a strong base for the teams in the years to come.

Compared to last year's Cross Country team, this year's team was not only bigger and faster, but also more cohesive. Coaches John Scheifer and Jane Barrett did an especially good job with the team this year, always encouraging us to "try harder." To a non-runner, cross country as a whole seems pretty insane, especially the brutal workouts at Sugarhouse Park. There is, however, no greater feeling of accomplishment than that pukey feeling you get while sprinting across the finish line after three miles of sheer hell. Those 800s and 1600s in Sugarhouse are indeed worth it, especially when you can sail on past that stupid arse who stepped on your foot two miles ago. Since the team has been stronger this year, it has received much more recognition for the various accomplishments: there were actually fans watching the region and state meets. It looks as though things can only get better for the RHSM running programs. Who knows? Some day students might be hopping on a bus for Manti to watch a cross country race.

# RHSM Volleyball 1997

The RHSM volleyball team shocked region 12 this season. With their dedication and determination, the winged lions went 12-2 during the regular season easily taking the 2nd place title. Taking 3rd place at the regional tournament, the girls were set up (no pun intended) for the 2A state tournament. Through their strong teamwork the girls placed 3rd, the highest ever in RHSM history. The volleyball team received many individual honors as well. Meghan Tuohig received the honor of the Most Valuable Player in region 12. Jenny Rasmussen and Kacie Tachiki made the all-region team, and Megan Tuohig and Jenny Rasmussen received all-state awards. Captains Jenna Gelegotis and Meghan Tuohig played in the 1A, 2A, and 3A senior all-star game. Both the varsity and Junior varsity teams had a fantastic season, and improved immensely. Great work, RTTO!

## RHSM Men's Basketball: Program in a Building Year . . .

## Swim Team Was Small But Tall in Talent

Rowland Hall's tiny swim team was high in quality but desperately in need of more participants. Members included freshmen Kari Watchorn as well as Sarah Goldberg, juniors Calli Payne and Kelly Wells, and senior Jeanette Lehoux.

"The team could be outstanding with more numbers," stated Calli. "We have a lot of quality, hard work, and good coaching but are in need of more swimmers to be competitive."

Workouts were two hours every afternoon, plus dryland activities. For Christmas break, workouts began at 5:00 AM every morning as well as an additional practice in the afternoon.

"While Mike is really pretty good with the beginners, the workouts for the most advanced swimmers are really, really, hard," quoted an exhausted participant after this New Year's Eve workout:

90 x 100 lengths, all within 1:20 seconds. With seventy two lengths being one mile, you can just imagine . . .

Swimmers had good things to say about the coaching in general, despite the workouts. Calli prides coach Michael Brooks on being especially good with stroke technique and being incredibly dedicated to the team.

With such promising aspects, one would expect that RHSM's swim team to be highly competitive. But with only four swimmers, that can be somewhat difficult. Despite this, Rowland Hall swimmers had great results this winter. Both Calli and Sarah were favored to win their respective events in the big competition.

1. Walk on with a cooler that says "human head" on the side.
2. When the elevator is silent, look around and ask, "Is that your beeper?"
3. Draw a little square on the floor with chalk and announce to the other passengers that this is your "personal space."
4. Stare, grinning at another passenger for a while and then announce: "I've got new socks on!"
5. Greet everyone who gets on the elevator with a warm handshake and ask them to call you Admiral.
6. Whistle the first seven notes of "It's a Small World" incessantly.
7. Stand silent and motionless in the corner, facing the wall without getting off.
8. When arriving at your floor, grunt and strain to yank the doors open, then act embarrassed when they open themselves.
9. Crack open your briefcase or purse and while peering inside ask: "Got enough air in there?"
10. Offer name tags to everyone getting on the elevator. Wear yours upside-down.
11. Say "Ding" at each floor.
12. Announce in a demonic voice: "I must find a more suitable host body."
13. Make explosion noises when anyone presses a button.
14. Play the harmonica. Ask fellow passengers if they happen to have a can of beans and some firewood.
15. Stare at your thumb and say, "I think it's getting larger."
16. Stare at another passenger, then announce: "You're one of THEM!" and move to the far corner of the elevator.
17. Say "I wonder what all these do?" and push all the red buttons.

Other parts included Chris Andrews as Johnny Casino, Kyle Walton as Mrs. Lynch, Christina Crouch as ChaCha DeGregorio and Keith Stevens as Vince Fontaine. Also included in the cast were Adryon Burton, Divya Ramachandrar, Rose Mogharab, Nicole Larsen, Katherine Main, Suzanne Pells, Niklti Harms, Jenny Amow, Lauren Pardey, and Dan Stone. The production was directed by Traci Brand and Joan Kingston.

Overall, the cast felt it was a successful performance, despite the occasional microphone interference and a few music and light cues that were off. "'Alone at the Drive In' was by far the best number in the show. Conor [Buie] did a great job in 'Greased Lightning' as well." said Robin Pardey, of the performance. Judge Memorial High School happened to be putting on the same musical at the same time. RHSM's performance was, of course, superior.

As I look back on my four years of high school here at Rowland Hall there are many memories and friendships that come to mind. There are many people out there whom I would like to recognize and/or make fun of. ORten: The hippie inside you will always live. I think that you should have been in the class of '99. Stew: We all knew that putting us in the woods with a bb-gun and a sling shot would be nothing but trouble. "This is my horse, neigh, neigh!...Wuss!!! The experience with 150 eggs and a dual sunroofed RAV4. Oshin: We will always be known for our cunning and in depth plans for the ditch, which always ended up in us running for our lives. Our emotional scars from Stew and Otten in English class will heal so don't worry. Henna: Thanks for everything, you're the greatest. Dog: Everyone's favorite in-house bum, just sitting around and playing video games. Erin and Suz: I could always count on you for a good laugh. Jorge: It is amazing how easy school is without a class with Senorita Diabla. Sadie: "And How!" Andy and Dave: It was amazing that whenever you two seemed to get together someone (usually Ed) got in trouble. Chris: The eating experience at the U football game will never be topped. Who would have thought that the trip from school to your house would be the exact length of mo' money. Gavin: Remember that I will be coming for my money when you make it big. Class of '97: Thanks for bringing me into your group and letting me hang out with you guys. Mom, Dad, Alli & John (Boris): Thanks for everything. I would like to thank everyone past, present and future, and good luck. El jefe (the boss) Miller.

Every day I break my own personal record for the number of consecutive days that I have been alive. Four years of high school and two years of middle school. That's a lot of time and then again, it's not nearly enough. Staged fights and group beatings. Math Counts and hullshit repellent and the notorious "Greasy." And then on to the upper school. Interim in Death Hollow with the four "true men" and the Galvanized Stainless Steel Pork and Beans Ladle (not the big dipper). "Gimp" and "Casthoy" and the realization that soccer and the Valentine's moshpit can be hazardous to one's health. Summer school with Pyper and his amazing description of Snooker: "it's just like billiards, but different." Class retreats were fun—Uintahs, Tuttle, Utaba, the Cafeteria and Mrs. Marker's ten o'clock wake-up call. More recently we discovered that our stress level can reach exorbitantly high levels with college essays written at 6:00 PM on the day they are due. Thank god for the 24-7 post office at the airport. I'll miss the famous RHSM Band. The "Icehouse", triple-overtime, Toxic Slice, Willy's 4-sided triangle, Pit TV, Nintendo, and plastic bullets in the trumpet "It fell out, I promise." Speedos and goggles and kick-boards oh my—it's the Hell on Earth we fondly refer to as Swim Team. Cross-County taught us to run in the mud and to always "Try Harder." We made it to State! ! And of course the Extra-Curricular activities. Monkeys and dresses and the evil lion at the zoo. A real life hostage situation and eleven people in the hot tuh. Prom in Monte Carlo and the Christmas dance "You brought us to a 30 dollar-a-night motel?" Special thanks to some special people: Travis for his humor in History and English, Jenny for Prom, Ernst, Bill, my teachers, my parents, Leah, Tracy, and Lauren. Nicole and Michelle for their friendship and for teaching me the lessons of life. And especially Greg, Kevin, and Robin (and his truck). Thanks to one and all. Nick Burst

Well...here I am, a big senior (maybe not so big, but a senior nevertheless). I never thought that I'd really be writing a senior summary, or applying to college, or going to college for that matter. I guess I'd always assumed that I'd stay at our sheltered Rowland Hall forever, but you know what they say ("when you assume, it makes an A out of ssu and med") (or something like that). Now we are all leaving to begin our lives at college. Some of you I may never see again. I'll miss you. If there's a heaven, I'll see you there, so be good little hoys and girls if you ever want to see me again (as well as live in eternal paradise). One thing Rowland Hall has taught me is that it's better to be an individual than a number (like 3) (or 8, for example) and that while one plus one will always equal two, blue lint will not always equal an introductory lifeguarding course, but that's a whole other story. - Jed Lazar

Given my tendency towards garrulousness, that is, tedious loquacity, and the 300 word limit, I must censor myself greatly in writing this summary lest I be censured. However, brevity is the soul of wit, as our friend Polonius would have us believe, so it would be most deplorable for me to waste more than 65 words on complaining about format and my own verbose writing style. Still, in what space remains, I could regale the reader with my pithy aphorisms, were I a gnomic person, or commit truly eleemosynary acts of altruism, or pontificate on the nature of purulence and its relation to prurience, or vehemently vituperate about acts of vengeance, or even foment revolution among the oppressed (although, admittedly, it still is better to be dead than red, as McCarthytes professed). But, seeing as I enjoy writing about none of the above grandiloquent, euphonious phrases, I will instead ramble on about my many sappy achievements throughout my long and vainglorious Rowland Hall career of the past 10 years. "It was great, and I made so many friends and had so much fun and I only dream of someday coming back so that I can change it even more toward godlike perfection." Hardly. It has been a tumultuous trip to Hades and back, through the bowels of Cerebus and marked by fighting, flatus, sanguineous spectacles, swearing, debauchery, illegal activities, and other such less than honorable pursuits. Actually, the past ten years lie most likely somewhere in the expansive middle ground, because I did enjoy much of the stuff I did, like the wearing of the big fuzzy lion suit, but then again, that hell bit factored in as well, but in ways that shall remain undisclosed to protect the anonymity of involved subjects... Thanks. Scott McCusker

Although every one of my teachers knew I hated sitting through class each day, not every one knows how much I appreciate them in the long run. "It's end of the world as we know it...and I feel fine. After years of suffering through evil classes and loads of homework together, this year's senior class has a strong sense of community. Once upon a time in the land of Rowland, a young boy came to the gate of the emerald (green) castle and was invited in. "Follow the Rowland Hall road," said the munchkin students. "Follow the RHSM road," said the government officials (teachers). "Follow," said the Wizard (Doc). So he did... the road (like I-15) had a few humps, but the commute was made pleasurable by the car pool (friends) he rode with. He learned the value of friends and improved his knowledge along the way. The wizard said, "Click the heels of your soccer cleats together three times and repeat- 'I want to go to college...' This boy did go to college and took with him great memories of the people he had met. Sad Ski Movies, it was "Classic" Bouk. Hot Topics in the Hot Tub. Surfing.
